About "Young Verified Leaders"

"Young Verified Leaders" is the result of international solidarity and a long partnership between four organisations: "We love Sousse", "ADEEJ", "ALEJ" and "Solidarity Youth of Germany - Solijugend". The project is a direct response to the social impact of the lockdowns and consequences of the health crisis.

Within our "Young Verified Leaders" program, we offer training to young Algerians, Tunisians and Germans (between the age of 16 and 27) in order to supervise children and young people in vacation centers and youth camps. In the long run, our young leaders will have access to methodological tools, necessary know-how and knowledge transfer.

Important information

Participation in this first online meeting is highly recommended if you want to be a member of our "Young Verified Leaders" program.

All practical, organisational information and conditions of participation will be communicated during this first online meeting.
